## Narrative

(█████PCH) regarding a theft report. Upon arrival, I contacted store manager ██████ G█████ who stated essentially the following.

Details: R/P G█████ stated that he opened the store today at approximately 0845 hours and observed that two cellular telephones were missing from the display rack. G█████ contacted several employees from yesterday's shift (12-16-06) regarding the removal of the phones and none of the employees were aware of the phones missing. G█████ then reviewed the store surveillance tape and observed a male suspect remove the phones from the display rack. He then called HBPD for a report/investigation.

I viewed the surveillance tape from 12-16-06 at approximately 1830 hours and observed the male suspect remove the phones from the display rack. It appeared that the suspect was connected to a group of 3-5 male subjects. Due to the clarity and size of the video I could not determine the race and further descriptors of the subjects. They all appeared to be 20-25 years old wearing baggy clothing and baseball caps. The suspect that removed the phones was possibly a male black or hispanic with a unique hair style with rubber bands throughout.

R/P G█████ added that he will make a copy of the surveillance tape and bring it to the station within a few days. G█████ is desirous of prosecution.
