Summary Narrative

I explained and demonstrated a standardized battery of field sobriety tests to Dudick and he told me that he understood all instructions and demonstrations given to him. I documented an approximation of those SFST's on the DUI face sheet of this report.

ARREST

Based upon the totality of my training, observations and investigation, I formed the opinion that Dudick was under the influence of an alcoholic beverage and was unable to operate a motor vehicle safely. I placed Dudick under arrest for suspicion of driving under the influence of an alcoholic beverage, CVC 23152(a).

CHEMICAL TEST ADMONITION

I admonished Dudick of his chemical test requirements and he selected the breath test. I transported Dudick to the Hermosa Beach Police Department where he submitted to a breath test with results of .18% and .17%, see attached.

BOOKING

Dudick was booked at the Hermosa Beach Police Department for violation of CVC section 23152(a) - Driving under the influence of an alcoholic beverage. Due to the fact that Dudick's BAC was above .08%, I additionally charged him with CVC 23152(b) - Driving under the influence of alcohol with BAC .08 or higher.

Summary Narrative

PROBABLE CAUSE FOR TRAFFIC STOP

On 12-09-2007 at about 2035 hours, I was traveling in the 1400 block of N/B Hermosa Avenue when I noticed that the vehicle directly in front of me was traveling above the posted speed limit. I continued to follow the vehicle N/B on Hermosa Avenue and paced its speed at about 38 miles per hour which is above the posted 30 mile per hour speed limit. As the vehicle traveled in the #2 lane in the 1900 block of Hermosa Avenue, I observed it swerve and come within feet of colliding into vehicles that were parked along the East curb line of Hermosa Avenue. At this point, I effected a traffic stop on the vehicle in the 2100 block of Hermosa Avenue for violation of CVC section 22350 - Speeding and to investigate the driving pattern that the driver displayed.

DRIVER CONTACT

I exited my patrol car and contacted the driver on the driver side of the vehicle by speaking to him through the open driver side window. I informed the driver of the reason why I had stopped him, speeding and swerving, and asked him for his driver license. The driver gave me a California driver license that identified him as [REDACTED] Dudick (DOB [REDACTED]). As I spoke to Dudick, I noticed that his eyes were bloodshot/watery. I asked Dudick if he had anything alcoholic to drink and he told me that he did. I checked Dudick's eyes for Horizontal Gaze Nystagmus and he checked positive for this objective symptom of alcohol intoxication. At this time, I formed the opinion that Dudick was possibly under the influence of an alcoholic beverage and instructed him to exit his vehicle so that I could administer further test, SFST.

Narrative

PROBABLE CAUSE FOR TRAFFIC STOP

On 12-11-2007 at about 0007 hours, I was traveling N/B in the 1600 block of Pacific Coast Highway when I observed that the sole vehicle directly in front of me was traveling at a high rate of speed. I followed the vehicle N/B on Pacific Coast Highway and was able to pace it's speed at approximately 44 MPH. The posted speed limit on Pacific Coast Highway is 35 MPH. I effected a traffic stop on the vehicle at Pacific Coast Highway and Artesia Boulevard for violation of CVC section 22350 - Speeding.

DRIVER CONTACT

I exited my patrol car and contacted the driver by speaking to him through the open driver side window of his vehicle. I asked the driver for his driver license and he gave me a New Jersey state driver license that identified him as [REDACTED] Moscarello (DOB [REDACTED]). I told Moscarello the reason why I had stopped him, speeding and lane straddling. Upon contacting Moscarello, I immediately noticed that his pupils were dilated which led me to believe through my training and experience that he was possibly under the influence of alcohol or drugs. I asked Moscarello if he had anything alcoholic to drink and he told me that he did. I checked Moscarello's eyes for Horizontal Gaze Nystagmus and he checked positive for this objective symptom of alcohol intoxication. At this time, I formed the opinion that Moscarello was possibly under the influence of an alcoholic beverage and instructed him to exit his vehicle so that I could administer further test, SFST's.

SFST's

I explained and demonstrated a standardized battery of field sobriety test to Moscarello and he told me that he understood all directions and instructions given to him before each test. I

documented an approximation of those SFST's on the DUI face sheet of this report.

ARREST

Based upon the totality of my observations, training and investigation, I formed the opinion that Moscarello was under the influence of an alcoholic beverage and was unable to operate a motor vehicle safely. I placed Moscarello under arrest for suspicion of driving under the influence of alcohol, CVC 23152(a).

CHEMICAL TEST ADMONITION

I admonished Moscarello of his chemical test requirements and he selected the breath test. I transported Moscarello to the Hermosa Beach Police Department where he submitted to a breath test with results of .13 and .12%, see attached.

BOOKING

Moscarello was booked at the Hermosa Beach Police Department for violation of CVC section 23152(a). Because Moscarello's BAC was at or above .08%, he was additionally charged with CVC 23152(b).

Narrative

Arrest: On 12/21/07 at approximately 2319 hours, Epperson (DOB) was arrested from the Pacific Cst Hwy and Guadalupe in Redondo Bch for DUI, 23152(a) CVC. She was transported and booked into the H.B.P.D.

Probable Cause for Stop: On 12/21/07 at approximately 2319 hours, I observed a black Infiniti G35 (Lic.) traveling in the #1 lane of S/B Pacific Cst Hwy passing Pier Ave. As I followed the vehicle, I observed the left front tire scrape against the concrete center median on PCH, south of Pier Avenue. The vehicle continued S/B PCH, straddling the #1 and #2 lanes of traffic (21658a CVC), for approximately four blocks and driving approximately 40 MPH in a posted 30 MPH zone (22350 CVC). I activated my emergency lights (front steady red) S/B PCH at 2nd Street, the vehicle continued S/B PCH for approximately a mile before yielding and then pulled into a parking lot S/B PCH at Guadalupe. As the vehicle pulled into the parking lot, the right rear tire drove over the curb, scraping the wheel and scuffing the tire.

Investigation: Upon contact with the driver, identified as Epperson, I smelled a Moderate odor of an alcoholic beverage coming from her person. I asked Epperson if she had

Narrative

been drinking; she related she had one glass of wine at approximately 1730 hours. I checked Epperson's eyes and observed a lack of smooth pursuit, along with an early onset of horizontal gaze nystagmus. (Ref. Page one for objective signs symptoms).

I had Epperson exit the vehicle and explained/demonstrated a set of standard field sobriety tests and had her perform the tests (See Page two). Due to Epperson's driving pattern, statement, and performance during the field sobriety tests, I formed the opinion that her physical and mental abilities were so impaired that she could no longer drive a motor vehicle with the same caution as a sober person, a violation of 23152(a) CVC. I had Epperson take a Preliminary Alcohol Breath Test. One test was obtained with a result of .148 at approx. 2342 hrs (17d Test 981). A second test #982 was voided because Epperson continued to delay the test, PAS #9985.

Booking: Epperson was taken into custody and transported to the H.B.P.D. At the station, I read her the Chemical Test Admonition per, 23612 CVC. Epperson chose to submit to a blood test (Ref. Signed 23612 form). Epperson was transported to LCM hospital, where a blood sample was taken at approximately 0045 hours. Epperson was booked into the H.B.P.D. for Driving Under the Influence - 23152(a) CVC, without further incident.

Narrative

ARREST: On 12/18/07 at approximately 0150 hours I arrested Maurice Newson, [REDACTED] for 148(a) (1) pc (Resisting arrest).

SOURCE: On 12/28/07 at approximately 0122 hours Officer Smith # 158 and I Officer Bohacik # 122 were working the South Bay Drunk Driving Task Force. When we were summoned by Officer Kansaku # 161 who had stopped a possible drunk driver in the 2400 block of Hermosa Avenue.

Upon our arrival we contacted Officer Kansaku # 161 and Gardena Parking Enforcement Officer Kronberger # 111297.

STATEMENT: While Officer Smith was conducting a filed sobriety test on driver Bowens Jr., front passenger Maurice Newson opened the passenger's side door and began yelling at us. I instructed Newson to close the door several times for officer safety purposes; however he refused. Newson continued peeking his head in and out of the car and looking back in our direction. Officer Smith continued conducting his test on Bowens Jr. while I watched Newson. Smith later determined Bowens Jr. was possibly driving under the influence of alcohol where he was then secured in the back of our police car. (See DUI Report by Officer Smith).

Due to Newson's behavior and officer safety reasons. I ordered passenger Newson out of the

car by instructing him to place his hands on top of his head, face away from us, and walk back towards my voice. Newson complied at this point. I then asked Newson to stop at which time he did. Smith and I then approached Newson and attempted to detain him by placing handcuffs on him so that we could search the car.

While attempting to place Newson's hands behind his back he began resisting, and yelling at us (Unknown what was said by Newson). Smith, Kronberger and I pushed Newson forward to the ground to obtain better control of him where a physical fight ensued. Newson continued to resist us for approximately one to two minutes refusing to place his hands behind his back. Smith, Kronberger, and I eventually were able to place Newson's hands behind his back and handcuff him. I then walked Newson to the police car where both he and Bowens Jr. were transported to the station for booking.

Later at the jail, I was informed by Officer Smith that Newson was possibly on a cell phone in the detention cell. I entered the cell and approached Newson and asked him if he was talking on a cell phone. He began yelling at me and stated "I don't have no fucking cell phone on me". I then turned Newson around in an attempt to search him. Newson began resisting me a second time.

I then restrained Newson to gain control. I yelled out to Newson several times to calm down and cooperate with me. I eventually was able to remove most of Newson's property from his pants pockets and placed it in the jail for safekeeping.

Newson remained in the detention cell for approximately ten minutes. Officer Smith and Sergeant Gaines later completed the booking search on Newson. After the booking process was complete, Newson apologized to me for his behavior.

It should be noted that during the entire contact, (which includes the initial contact, transportation, and the booking process) Newson not once complained of an injury, pain, or requested paramedics.

Newson has a prior arrest record which includes [REDACTED]
