Narrative

Arrest: On 12/01/07 at approximately 0134 hours, Baham (DOB) was arrested from 1st Ct and Monterey Blvd. for DUI, 23152(a) CVC. She was transported and booked into the H.B.P.D., without further incident.

Probable Cause for Stop: On 12/01/07 at approximately 0116 hours, while I was standing next to my marked patrol vehicle S/B Monterey Blvd. (1100 Blk). I observed a purple Saturn (Lic.) accelerating at an unsafe speed S/B Monterey Blvd. from Pier Avenue. As the vehicle approached my parked patrol vehicle (driving lights on), the Saturn almost collided into

Narrative

the rear of my vehicle, causing me to jump out of the way in attempt from not getting hit. The vehicle turned/swerved last second around my vehicle and continued S/B Monterey Blvd. As I watched the vehicle, I observed it cross the center dividing line at Monterey Blvd. and 8th Street.

As I attempted to catch up with the vehicle, the driver made an abrupt turn, without signaling onto W/B 4th Street, then onto S/B Manhattan Avenue. The vehicle continued to accelerate, traveling at approximately 40 MPH in a posted 25 MPH zone. The vehicle then turned onto E/B 1st Street and back onto S/B Monterey Blvd. making an abrupt turn onto W/B 1st Ct. pulling to the curb with its driving lights off. I initiated a traffic stop on the vehicle on 1st Ct. at Monterey Blvd.

Investigation: Upon contact with the driver, identified as [REDACTED] Baham, I smelled a strong odor of an alcoholic beverage coming from her person. I asked Baham if she thinks it's smart to be drinking and driving; she related, "No, I just wanted to get home". I checked Baham's eyes and observed a lack of smooth pursuit, along with an early onset of horizontal gaze nystagmus. (Ref. FST's Page one and two for objective signs symptoms).

I had Baham exit the vehicle and asked her some preliminary DUI investigation questions. During my questioning, I explained that she almost rear ended my patrol vehicle; Baham related "I saw that?we were having an argument" "He (Passenger) yelled at me right after that happened". I asked her why she pulled over prior to me initiating the traffic stop; she related "I knew you were behind me and going to pull me over". I explained and demonstrated a set of standard field sobriety tests and had her perform the tests (Ref. Page two). Due to Baham's driving pattern, statements, and her performance during the field sobriety tests, I formed the opinion that her physical and mental abilities were so impaired that she could no longer drive a motor vehicle with the same caution as a sober person, a violation of 23152(a) CVC.

During a search of the vehicle, an open 24oz can of beer (Bud Light) was located on the floorboard behind the driver's seat. The can was up right and not supported by any other item. The can was cold to the touch and had an odor of an alcoholic beverage/beer. Baham admitted knowledge of the beer and claimed it was hers.

Booking: Baham was taken into custody and transported to the H.B.P.D. At the station, I read her the Chemical Test Admonition per, 23612 CVC. Baham chose to take a breath test (Ref. Signed 23612 form). A breath test was obtained with results .13 and .14 BAC at approximately 0215 hours (Ref. Attached results). Baham was advised per 23614 CVC of further chemical tests. She refused her rights to any further chemical tests. Baham was booked into the H.B.P.D. for Driving Under the Influence, 23152(a/b) CVC, without further incident.

PRECAUTIONARY CHECKLIST

FOLLOW THE INSTRUCTIONS ON THIS CHECKLIST
AND CHECK OFF EACH STEP AS IT IS COMPLETED:

1. ☒ Continuously observe the subject for at least fifteen minutes before giving a test, during which time the subject must not ingest alcoholic beverages or other fluids, regurgitate, vomit, eat or smoke.
2. ☒ Push **RUN** button.
3. ☒ Enter information as requested by the instrument.
4. ☒ Wait for purge/blank cycle to complete.
5. ☒ Insert a new mouthpiece into the breath tube.
6. ☒ Obtain a breath sample from the subject when instrument displays **PLEASE BLOW**.
7. ☒ Wait for instrument to request a second breath sample.
8. ☒ Obtain a second breath sample from the subject when instrument displays **PLEASE BLOW**.
9. ☐ If the two results differ by more than 0.02%, the instrument will request a third breath sample.
10. ☒ Remove the printed results, initial for identification and attach to checklist in the space provided to the left. Discard mouthpiece.
11. ☒ Transcribe each breath result into the Breath Alcohol Results box above.

Narrative

Arrest: On 12/7/07 at approximately 0116 hours, [REDACTED] Menold (DOB [REDACTED]) was arrested from the 2600 Blk of Hermosa Avenue for DUI - 23152(a) CVC. She was transported and booked into the H.B.P.D., without further incident.

Probable Cause for Stop: On 12/7/07 at approximately 0054 hours, I responded to the 2600 Blk of Hermosa Avenue to assist Sgt. Gaines #134 on a traffic stop. Upon arrival, Sgt. Gaines related while he was driving southbound Hermosa Avenue (2600 Blk) in the #1 lane, he observed a white Toyota Corolla (Lic. [REDACTED]) driving for approximately one block northbound in the southbound lanes of Hermosa Avenue (A violation of 21651(a) CVC), directly into the path of his marked patrol vehicle. Sgt. Gaines immediately activated his emergency lights, causing the vehicle to come to a stop approximately 10 yards from the front of his vehicle. Sgt. Gaines made contact with the driver, identified as [REDACTED] Menold. While talking with Menold, Sgt. Gaines observed signs and symptoms of intoxication, including a strong odor of an alcoholic beverage and slurred speech.

Investigation: During my contact with Menold, I observed that she was seated in the driver's seat and was the sole occupant of the vehicle. I also observed that her vehicle was parked N/B

Incident Report

ORIG

Narrative

in the #1 lane of S/B Hermosa Avenue.

I had Menold exit the vehicle and asked her some preliminary DUI questions. While talking with her, I smelled a strong odor of an alcoholic beverage coming from her person. I asked Menold if she had been drinking; she related she had three beers. I checked Menold's eyes and observed a lack of smooth pursuit, along with an early onset of horizontal and vertical gaze nystagmus. (Ref. FST's Page one and two for objective signs symptoms). I explained and demonstrated a set of standard field sobriety tests and had her perform the tests (Ref. Page two). Due to Menold's driving pattern, statements, and her performance during the field sobriety tests, I formed the opinion that her physical and mental abilities were so impaired that she could no longer drive a motor vehicle with the same caution as a sober person, a violation of 23152(a) CVC. I had Menold take a Preliminary Alcohol Breath Test. Two tests were obtained with results of .243 at approx. 0108 hrs (20d Test 999) and .248 BAC at approx. 0110 hours (20d Test 1000) PAS #9983.

Booking: Menold was taken into custody and transported to the H.B.P.D. At the station, I read her the Chemical Test Admonition per, 23612 CVC. Menold chose to take a breath test (Ref. Signed 23612 form). A breath test was obtained with results .21 and .22 BAC at approximately 0145 hours (Ref. Attached results). Menold was advised per 23614 CVC of her rights to further chemical tests. She refused her rights to any further chemical tests. Menold was booked into the H.B.P.D. for Driving Under the Influence - 23152(a/b) CVC, without further incident.

Narrative:

Rhomberg: "1/2- 1" sway in a circular motion. He started the test while I was still giving him instructions.

Walk and turn: Loses his balance on the 7th step on the 2nd nine. Uses his arms for balance throughout the duration of the entire test.

One leg Stand: I had the subject stand on his left foot. He lost his balance 4 times while performing the test. He used his arms for balance throughout the duration of the entire test.

Finger to nose test: On his first attempt he mistaken his left arm for his right arm. He failed to touch the tip of his nose 3 times. During the test he swayed "1/2" in a circular motion. He seperated his feet during the test even though he was instructed to keep his feet together. He did not keep his head tilted.

ORIG

Narrative

CVC-23152(a)

Driving under the influence of alcohol

DR 07-4149

Arrest:

On 12-09-07 at approximately 1937 hours, I (Garcia) placed [REDACTED] Swisher DOB [REDACTED] under arrest for CVC 23152(a)-Driving under the influence of an alcoholic beverage.

Probable Cause for stop:

See Officer Sellans's supplemental

Standardized field sobriety tests:

I explained and demonstrated a standardized battery of field sobriety tests to Swisher. He stated that he understood all instructions and demonstrations given to him. (See attached sheet for FST results). Looker then refused to submit to a PAS test

Arrest:

Based on the totality of my observations, investigations and training, I formed the opinion that Swisher was driving under the influence of an alcoholic beverage. I placed Swisher under arrest for CVC 23152 (a)-Driving under the influence of an alcoholic beverage.

I advised Swisher of his chemical test admonishment and he advised me that he wanted to take a blood test. I transported Swisher to LCM hospital where RN [REDACTED] administered the blood withdrawal. I then transported Swisher to the HBPD where she was booked and housed.

Evidence:

I booked into evidence the blood vial for blood alcohol processing. (See property report)

Summary Narrative

The suspect was arrested for DUI.

Narrative

Source:

On 12-09-07 at approx. 1910 hours, Officer Garcia and I were dispatched to 1 11th St (lot A parking lot) regarding a blue sports car license plate [REDACTED] trying to leave the parking lot after it struck another vehicle.

Observations / Investigation:

When we arrived at the parking lot, I observed a blue Nissan 350 Z sports car license plate [REDACTED] at the exit area of the parking lot. I observed that there was a male driver and the engine was running and the headlights were on. The driver of the vehicle pulled forward to leave the lot but we initiated a traffic stop pending further investigation. We contacted the driver and as soon as I began speaking with him I smelled a very strong odor of alcohol emitting from his breath. I noticed that his eyes were red and watery and he had slightly slurred speech. The driver was identified as [REDACTED] Swisher and he advised me that he had hit another vehicle while he was backing out of his parking stall but the owner of the vehicle he hit said that it was ok because there was no damage. At this time, Officer Garcia conducted a DUI investigation with Swisher and I contacted the owner of the vehicle Swisher struck.

I spoke with [REDACTED] who advised me that he had his 2002 Ford Explorer license plate [REDACTED] parked next to Swisher's vehicle. [REDACTED] said that he observed Swisher backing a blue Nissan 350 Z out of a parking stall and the rear of Swisher's vehicle struck his parked vehicle. [REDACTED] advised that he contacted Swisher and both of them examined both cars and did not observe any damage on either vehicle. Swisher then got back inside the blue Nissan and tried to back out of the stall again and hit [REDACTED] vehicle again. [REDACTED] said that he spoke with Swisher again and asked Swisher if he was ok to drive because in [REDACTED] opinion (a bartender at the [REDACTED] bar) he thought Swisher was too intoxicated to drive a motor vehicle. Swisher advised

Narrative

[REDACTED] that he was ok and pulled out of the parking stall for a third time and this time Swisher was able to successfully pull out without striking [REDACTED] vehicle. [REDACTED] told me that he then called for police assistance via cell phone and while he was on the phone he observed Officer Garcia and I pull up and stop Swisher's vehicle.

Addition:

Swisher was placed under arrest by Officer Garcia for 23152 (a) CVC and Swisher's vehicle was towed away from the scene.

Summary Narrative

The reporting party of a possible hit and run collision was interviewed pursuant to a DUI investigation.

REPORTING PARTY 1

Involvement REPORTING PARTY	Inv No 1	Type Individual	Name [REDACTED]	MNI 1022583
Race WHITE LiveScan OK	Sex MALE	Date of Birth [REDACTED]	Age 52	Juvenile? No

Narrative

On 12-9-07 at 1908 hours, I (Droz) #173 responded to Parking Lot A, 1 11th Street regarding a 20002 non-injury hit and run traffic collision. I arrived on scene and contacted the reporting party, [REDACTED], and he told me the following:

[REDACTED] said that shortly prior to my arrival, he was standing near the approximate center of the north side of the Unit Block of 11th Street. He observed a small blue colored vehicle (CA LIC# [REDACTED]) back out of a parking space in the southwest corner of Parking Lot A. He watched this vehicle back into another unspecified style black colored vehicle. The driver of the blue colored vehicle exited his car and talked to a subject who was standing next to the black colored vehicle. The driver of the blue colored car then reentered his vehicle and drove toward the parking lot's exit. The blue colored vehicle passed this exit and drove in a circle through the parking lot's interior roadway, back to the parking lot's exit.

Based on the fact that the blue colored vehicle's driver had collided into the black colored vehicle, and had failed to leave his personal identifying information with the black colored vehicle, [REDACTED] determined that he might have witnessed a hit and run traffic collision. [REDACTED] then contacted police dispatch and provided the suspect vehicle's license plate. HBPD units arrived on scene shortly thereafter and detained the suspect vehicle as it was attempting to exit the parking lot.

Narrative

[REDACTED] told me that he would be unable to positively identify either the victim vehicle, or the driver of the suspect vehicle; but that he was able to positively identify the suspect vehicle as the one which responding HBPD units had detained for investigation.

See Officer Garcia's (#176) crime report for additional details of [REDACTED] personal identifying information.

Narrative:
 DR#07-4150

Rhomberg: estimates 30 seconds to be 37 seconds.

Walk and turn: 1st 9 steps off line and misses heel/toe on step 1 to 14. He did not walk in a straight line feet separated approx 6'. He continued to walk until he reached 14 steps. during this test he was unable to stay balanced (used arms). 2nd 9 - was not done (refused).

One leg stand: Right Foot- asked to start with rt foot, and he started with left. Bends support leg and leans back. Did not point toe like instructed. bends knee. He held onto a nearby wall for support. hopped around on both legs. used both his arms to balance. Unable to count in order. only counted until 14. Left Foot- Same as right foot.

Finger to Nose: Opened eyes. Did not touch his nose at all (hovered above nose). Arms left down to side and feet separated approx 1 foot.

Due to the level of intoxication he was unable to follow directions and fully complete all tests.

He displayed severe divided attention impairment due to his level of intoxication as well.

Narrative**Arrest:**

On 12-9-07 at approximately 2037 hours, I placed [REDACTED] Perfetti (DOB: [REDACTED]) under arrest for CVC 23152(a) - Driving under the influence of an alcoholic beverage.

Source of Activity:

On 12-9-07 at approximately 2013 hours, I was working uniform patrol as 1L1M when I observed a vehicle, (2door black Porsche Carrere) CA LIC [REDACTED]. The vehicle was driving N/B on Hermosa Avenue at Pier Avenue. I saw the vehicle's wheels loose traction from the road while the vehicle was turning E/B onto Pier Avenue from Hermosa Avenue. I was facing W/B on Pier Avenue at Hermosa Avenue when I observed the vehicle loose traction in violation of section 22107 CVC. I immediately turned around and followed the vehicle. I observed the vehicle driving approximately 40 MPH in a 25 MPH zone (in violation of 22350 CVC) E/B on Pier Avenue until it reached Monterey Boulevard where the vehicle failed to come to a complete stop at the posted stop sign in violation of 22450(a) CVC. I activated my overhead lights and the vehicle continued to drive E/B on Pier Avenue until it reached Valley Drive where it stopped. As I exited my vehicle to make contact with the driver he drove away from me. I got back into my patrol car and followed the driver S/B on Valley Drive. I attempted to get the vehicle to stop by activating my siren, air horn, and I even told the driver to stop by using the loud speaker. The vehicle continued to drive S/B on Valley and then W/B on 11th Place. The vehicle entered the parking lot of the Hermosa Beach city hall located at 1315 Valley Drive where it stopped.

Incident Report

Hermosa Beach Police Department

07-4150

Supplement No.
ORIG

Narrative

Details:

I contacted the driver, Perfetti, who was identified by his California driver's license as [REDACTED] Perfetti (DOB: [REDACTED]). I could smell a strong odor of an alcoholic beverage emitting from his breath. I asked him if he had been drinking alcohol. He stated, "Yes, I had two beers". Due to the observed objective symptoms and driving pattern, I informed him that I was going to administer a series of field sobriety tests.

Standardized Field Sobriety Tests:

I explained and demonstrated a standardized battery of field sobriety tests to Perfetti. He stated that he understood all instructions and demonstrations given to him. (See attached sheet for FST results). Perfetti refused to submit to a PAS test in the field.

Arrest:

Based on the totality of my observations, investigation and training, I formed the opinion that Perfetti was driving under the influence of an alcoholic beverage while operating a motor vehicle. I placed him under arrest for 23152(a) CVC-Driving under the influence of an alcoholic beverage. While being placed under arrest Perfetti was uncooperative and attempted to resist arrest.

I advised Perfetti of his chemical test requirements. He told me that he wanted to give breath. I transported him to HBPD to administer a Data Master breath test. While at HBPD I explained to Perfetti several times how to blow into the Data Master Breathalyzer machine. During the breath test Perfetti refused to blow into the machine which resulted in an insufficient sample (See attached data master results).

Evidence:

This incident/arrest was recorded on my departmental issued digital recorder. The recording was downloaded into the police department's file for safekeeping.

Additional:

Perfetti was also asked to give blood which he refused after failing to give a sufficient breath sample. During the booking process Perfetti was belligerent and uncooperative with the jailer and unable to be immediately booked. He was placed in a detox cell to sober up so he could be booked.

[Signature]

1. ☒ Continuously observe the subject for at least fifteen minutes before giving a test, during which time the subject must not ingest alcoholic beverages or other fluids, regurgitate, vomit, eat or smoke.
2. ☒ Push **RUN** button.
3. ☒ Enter information as requested by the instrument.
4. ☒ Wait for purge/blank cycle to complete.
5. ☒ Insert a new mouthpiece into the breath tube.
6. ☐ Obtain a breath sample from the subject when instrument displays **PLEASE BLOW**.
7. ☐ Wait for instrument to request a second breath sample.
8. ☐ Obtain a second breath sample from the subject when instrument displays **PLEASE BLOW**.
9. ☐ If the two results differ by more than 0.02%, the instrument will request a third breath sample.
10. ☐ Remove the printed results, initial for identification and attach to checklist in the space provided to the left. Discard mouthpiece.
11. ☐ Transcribe each breath result into the Breath Alcohol Results box above.

Narrative

PROBABLE CAUSE FOR TRAFFIC STOP

On 12-12-2007 at about 0057 hours, I was at Hermosa Avenue and 11th Street when I observed a vehicle traveling S/B on Hermosa Avenue without its light on. I followed the vehicle and effected a traffic stop on it at 8th Street and Palm Drive for violation of CVC section 24250 - Driving without lights during darkness.

DRIVER CONTACT

I contacted the driver by speaking to her through the open driver side window. I told the driver why I had stopped her and she admitted to me that she forgot to turn on her lights. The driver told me that it was a new car. I asked the driver how long she had owned the vehicle and she said, "Three months". I asked the driver for her driver license and she gave me a California driver license that identified her as [REDACTED] Pena (DOB [REDACTED]). I asked Pena if she had anything alcoholic to drink and she told me that she had one beer. I checked Pena's eye's for Horizontal Gaze Nystagmus and she checked positive for this objective symptom of alcohol intoxication. At this time, I formed the opinion that Pena was possibly under the influence of an alcoholic beverage and instructed her to exit the vehicle so that I could administer further test, SFST's

SFST's

I explained and demonstrated a standardized battery of field sobriety test to Pena and she told me that she understood all instructions and demonstrations given to her before each test. I documented an approximation of the results of those tests on the DUI face sheet of this report.

ARREST

Based upon the totality of my training, observations and investigation, I formed the opinion that Pena was under the influence of an alcoholic beverage and was unable to operate a motor vehicle safely. I placed Pena under arrest for suspicion of driving under the influence of alcohol,

CVC 23152(a).

CHEMICAL TEST ADMONITION

I admonished Pena of her chemical test requirements and she selected the breath test. I transported Pena to the Hermosa Beach Police Department where she attempted to submit to the breath test but failed or refused to blow into the Datamaster machine as instructed.

BOOKING

Pena was booked at the Hermosa Beach Police Department for CVC 23152(a).

— BREATH ANALYSIS —

INSUFFICIENT SAMPLE

1. ☒ Continuously observe the subject for at least fifteen minutes before giving a test, during which time the subject must not ingest alcoholic beverages or other fluids, regurgitate, vomit, eat or smoke.
2. ☒ Push **RUN** button.
3. ☒ Enter information as requested by the instrument.
4. ☒ Wait for purge/blank cycle to complete.
5. ☒ Insert a new mouthpiece into the breath tube.
6. ☒ Obtain a breath sample from the subject when instrument displays **PLEASE BLOW**.
7. ☐ Wait for instrument to request a second breath sample.
8. ☐ Obtain a second breath sample from the subject when instrument displays **PLEASE BLOW**.
9. ☐ If the two results differ by more than 0.02%, the instrument will request a third breath sample.
10. ☐ Remove the printed results, initial for identification and attach to checklist in the space provided to the left. Discard mouthpiece.
11. ☐ Transcribe each breath result into the Breath Alcohol Results box above.

Breath Alcohol Results (g/210 L)

.19 % .18 %

Date Tested

12-21-07

FOLLOW THE INSTRUCTIONS ON THIS CHECKLIST
AND CHECK OFF EACH STEP AS IT IS COMPLETED.

1. ☒ Continuously observe the subject for at least fifteen minutes before giving a test, during which time the subject must not ingest alcoholic beverages or other fluids, regurgitate, vomit, eat or smoke.
2. ☒ Push RUN button.
3. ☒ Enter information as requested by the instrument.
4. ☒ Wait for purge/blank cycle to complete.
5. ☒ Insert a new mouthpiece into the breath tube
6. ☒ Obtain a breath sample from the subject when instrument displays **PLEASE BLOW**.
7. ☒ Wait for instrument to request a second breath sample.
8. ☒ Obtain a second breath sample from the subject when instrument displays **PLEASE BLOW**.
9. ☐ If the two results differ by more than 0.02%, the instrument will request a third breath sample
10. ☒ Remove the printed results, initial for identification and attach to checklist in the space provided to the left. Discard mouthpiece.
11. ☒ Transcribe each breath result into the Breath Alcohol Results box above.
