

June 5, 2007

Honorable Mayor and Members of
The Hermosa Beach City Council

Regular Meeting of
June 12, 2007

**PUBLIC HEARING - HERMOSA BEACH LANDSCAPING
AND STREET LIGHTING DISTRICT 2007-2008**

Recommendation:

It is recommended that the City Council:

1. Conduct a Public Hearing in connection with the levy of assessments for FY 2007-2008; and
2. Adopt the attached Resolution confirming the diagram and assessment for Hermosa Beach Landscaping & Street Lighting District 2007-2008 ("District") and levying an assessment for the fiscal year commencing July 1, 2007 and ending June 30, 2008.

Background:

As required by law, the following steps have been taken for the levy and collection of assessments for fiscal year 2007-2008 within the District:

1. March 27, 2007: The City Council adopted Resolution No. 07-6522 ordering the preparation of a report for the District.
2. May 1, 2007: The Director of Public Works filed with the City Clerk the report consisting of, among other things; the assessment diagram and assessment roll for the District.
3. May 8, 2007: The City Council adopted Resolution No. 07-6528 approving the report of the Director of Public Works.
4. May 8, 2007: The City Council adopted Resolution No. 07-6529 setting June 12, 2007 at 7:30 p.m. as the date and time for a public hearing in order to accept public input on the District.
5. May 31, 2007: Notice of the Public Hearing was given by publishing a public notice in the Easy Reader.

Analysis:

The District assessment funds the cost of maintaining and operating street lights, traffic signals and landscaping located within parkways or medians. The proposed assessment rate for FY 2007-2008 is \$41.45 per equivalent dwelling unit, the same equivalent dwelling unit rate used in fiscal year 2006-2007 to finance those improvements. The assessment is based on the actual number of dwelling units that are on a property (or their equivalent for vacant and commercial properties).

Prior to 1995, the assessment amount was \$16.84 per dwelling unit. In FY 1995-96, the assessment amount was increased to \$54.82 with the exception of senior citizens, for whom the \$16.84 amount (through a rebate program) was maintained. Due to a surplus of funds, the assessment amount was reduced to the present amount of \$41.45 in FY 1997-98.

This surplus of District funds was enough to cover the increasing costs of services through FY 2003-04. The FY 2004-05 budget had a projected deficit of \$141,738 which was funded by a transfer from the General Fund. Only \$52,622 of the transfer was actually used, leaving \$89,116 available from the transfer for use in the District for FY 2005-06. The District Fund Balance of \$76,790 at 6/30/06 was used for FY2006-07. Staff projected a budget deficit of \$97,512 which was transferred from General Fund to the District in FY 2006-07. From this amount, \$43,833 will be the District Fund Balance on 6/30/07 and will be appropriated to the District for FY 2007-08. An additional amount of \$98,440 will be transferred from the General Fund to maintain the District for FY 2007-08.

Fiscal Impact:

The General Fund has contributed \$98,440 to the District Funds to maintain the District for FY 2007-08.

Respectfully submitted,
